Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Friday 09 Jul 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Saturday, heavy showers and thunderstorms over northern England and Scotland.

This Evening and Tonight:
Cloud and spells of rain, heavy at times, will spread slowly eastwards across much of southern UK. Elsewhere, early evening showers will slowly fade allowing some clear spells to develop. Quite a warm night for many.

Saturday:
Early cloud and rain over southern England will slowly give way to bright spells and showers later. Sunny spells elsewhere, but also heavy, thundery showers over Scotland and northern England.

Outlook for Sunday to Tuesday:
Sunny spells and heavy showers, risk of thunder in places. More prolonged rain possible in the south on Monday and turning drier n the west on Tuesday.
